

**4<sup>th</sup> European  
Trolleybus Day  
21<sup>st</sup> September 2013**

---

**the smart day**

# Green. Clean. Smart.

Ecological, economical, electrical, the **ebus** is simply smart urban mobility. Today's clean, green cutting-edge technology that enhances quality of life for Europe's cities tomorrow. The **ebus**, with no noise, no pollution and maximum convenience and safety is the future of european public transport.
